Home Care Medical is here to help. Since 1974, Home Care Medical has been providing the highest quality home care products and services throughout Southeastern Wisconsin. As part of our Enhanced Patient Care program and in conjunction with our partnership with MedGroup, we have developed a list of products which may assist a patient with a specific diagnosis. Our goal is to increase our patient’s safety, mobility and independence in the home. If you have questions, please contact our Enhanced Patient Care Liaison at 262.786.9870 ext. 316. Home Care Medical . . . helping you get on with life!
### Aging/Alzheimer's Disease/Osteoporosis/Parkinson's Disease/Post-Polio Syndrome (PPS)/Type II (Also Called Non-Insulin-Dependent) Diabetes
